

## E-Safety Information for Parents and Carers

We take E-Safety very seriously at Beaconsfield Primary School and this page is updated regularly to inform parents about E-Safety and to provide links to resources and guidance that may be useful.

We seek parental permission for childrens' photographs to be added to the school website and we never name children or include any personal information. Please scroll down for website links and information. Further details can be found in our 'E-Safety' and 'Photographic and Video Images' Policies Below.
