

**Dr Raghbir Singh Khakha MBBS, BSc(Hons), MRCS
Co-Opted Governor**

I was appointed as a Community Governor in December 2014. I grew up locally and had the privilege of attending Beaconsfield Primary School as a young lad. I went on to study Medicine at St Georges Hospital Medical School followed by a Bachelors in Trauma and Orthopaedics at University College London. Having graduated in 2006, I am now a Trauma and Orthopaedic Registrar based in London.

Outside of a busy working life, I have a patient wife and two wonderful children. I am a keen sportsman with particular interests in Karate (1st Dan), Football and Climbing. In my role as governor at Beaconsfield Primary School, I hope to draw upon my experiences to encourage our children to have a well-rounded school experience, achieve their full potential and adequately prepare for higher education.
